Primary Sources

"Primary Document: Roe v. Wade." *Primary Document: Roe v. Wade*. Dr. Quintard Taylor, Jr., n.d. Web. 01 Dec. 2013.

This is a primary source of Justice Harry Blackmun's ruling to the court. The website is from the University Of Washington, therefore I know it is a reliable source. This was a great document to cite when I address the ruling of the case.

Primary Document: Roe v. Wade. 410 US 133. Supreme Court of the US, 1973 *Oyez US Supreme Court Media*, IIT Chicago-Kent College of law, 2011. Web. 4 Jan. 2014

This site has all of the primary documents including the transcript from the case. They also have recordings but I can not use them because I do not have the updated version of Weebly. Still using them as sources works just as well to quote what people said during the case.

"1973 CBS Evening News with Walter Cronkite (1/22/73)." *YouTube*. YouTube, 19 Sept. 2012. Web. 10 Jan. 2014. <<https://www.youtube.com/watch?v=Zv1bmY4Wd34>>.

This primary source is a video and was very useful to use on my decision tab of my website. This video is from CBS News and ran shortly after the Supreme Court Ruling was made. It summarizes the case and the ruling as well as the trimester approach.

Weaver, Warren. "High Court Rules Abortions Legal the First 3 Months." *New York Times* 23 January 1973. Web. 03. Dec. 2013

This primary source is a newspaper article from the day after the ruling of the case on January 23 1973. It is from the New York Times and describes the new set of national guidelines that will affect current laws in 46 states but will not abolish restrictions altogether. This also describes the reaction of the public to the ruling.

Secondary Sources

Hartman, Gary R., Roy M. Mersky, and Cindy L. Tate. *Landmark Supreme Court Cases: The Most Influential Decisions of the Supreme Court of the United States*. New York: Facts on File, 2004. Print

This book provided a great summary of the case. It explained the events summarized the history of the case very well and divided it into a summary of arguments, the decision, and the aftermath. It was used to give more information mostly in the history of the case itself.

Herda, D. J. *Roe v. Wade: The Abortion Question*. Hillside, NJ: Enslow, 1994. Print

This book was a very solid resource especially for the way it summarized the arguments. The way that the book explained each argument and how it would support each side's case definitely helped me have a better understanding for the moves each party made during the case.

Higgins, Melissa, and Joseph W. Dellapenna. *Roe v. Wade: Abortion and a Woman's Right to Privacy*. Minneapolis, MN: ABDO Pub., 2013. Print.

This book was a great source used mostly in summarizing the Dallas hearing part of my project. It summarized both side's arguments very well and had vocabulary definitions on the bottom of the page to help understand the lawyers terms that were used.

McBride, Alex. "Roe v. Wade (1973)." *PBS.org*. Educational Broadcasting Corporation, Dec. 2006. Web. 13 Nov. 2013.

This source provided a very thorough summary of this very controversial case. First by summarizing the case from start to finish and the going into more detail by describing other people who were involved such as the Does, Justice Harry Blackmun, and Hallford. This source also describes how the case ruled in favor of Roe referencing certain amendments such as the ninth and fourteenth amendments. This source is very useful because it simply describes this complex case with many solid details.

"THE LATEST NEWS : Roe v Wade Anniversary Sparks Dueling Protests Watch." *YouTube*. YouTube, 19 July 2013. Web. 10 Jan. 2014.
<<https://www.youtube.com/watch?v=3OQAdJ9Dnjs>>.

This video is a new report from July 19, 2013. This provides a look at how even forty years

later, the ruling of the case is extremely controversial. The report shows how some political members feel about the laws and the restrictions still being applied today. It also has good footage of modern day protests.
